Dear Educator,

We hope you will find the environmental education trunk very useful in your classroom. The 6-8 trunk should contain all of the items listed in the table below. As a trunk renter it is your responsibility to use the items with care so others may rent the trunk in the future. Many of the items contain activities and worksheets. Please make copies of any item you would like for classroom use. The items in the trunk should be returned to Eaton Conservation District in the same condition as they were when you picked them up. Currently, there is no fee to rent the environmental education trunk. If you would like to make a donation to support the maintenance and growth of the environmental education trunks please let us know. In the future, Eaton Conservation District may have to introduce a minimal fee to cover the cost of maintaining and providing additional materials for the trunks.

The purchase of trunk materials was made possible by Capital Region Community Foundation. We hope you enjoy this great resource!
